

Communities of Interest Input - 10/13 Redistricting Public Hearing

- I am here today to give input on the redistricting public hearing. The El Modena barrio recommends District 5 should not be changed due to the fact, no major changes in population. We in the El Modena Barrio are concerned the City has a history of violating the California Voting Rights Act. We have been in contact with Attorney Kevin Shenkman who sued the City of Orange that created districts in the City of Orange. We will be sending the proposed maps to the law firm of Shenkman & Hughes to ensure the City complies with the California Voting Rights Act.
